

STATE OF RHODE ISLAND
EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES
PUBLIC NOTICE OF EMERGENCY RULE-MAKING

SECTION 0362 INCOME GENERALLY

The Executive Office of Health & Human Services (EOHHS) is filing an “emergency” rule to incorporate recent changes to the Federal Poverty Levels (FPLs) into existing applicable rules. Medicaid Code of Administrative Rules Section #0362 is affected by these changes. Effective March 1, 2016, this Medicaid rule (#0362) will be amended to reflect the 2016 changes in the FPL guidelines that were cited in the February 10, 2016 *State Agency Regional Bulletin* from the Centers for Medicare and Medicaid Services.

The State is adopting these amended rules on an “emergency” basis to set forth these provisions in a timely basis in order to prevent wrongful denial, discontinuance, or interruption of benefits for Medicaid applicants and beneficiaries. These rules will be posted for public comment and review shortly.

These regulations are being promulgated pursuant to the authority contained in Rhode Island General Laws Chapter 40-8 (Medical Assistance) as amended; Rhode Island General Laws Chapter 40-6 (“Public Assistance”); Title XIX of the Social Security Act; Chapter 42-7.2 of the Rhode Island General Laws, as amended; and Chapter 42-35 of the Rhode Island General Laws, as amended.

The Executive Office of Health and Human Services does not discriminate against individuals based on race, color, national origin, sex, gender identity or expression, sexual orientation, religious belief, political belief or handicap in acceptance for or provision of services or employment in its programs or activities.

0362 Income Generally

The provisions in this Section do not apply to the individuals and families in the Medicaid affordable coverage groups identified in MCAR Section 1301 that took effect on January 1, 2014. The rules governing the application process for the Medicaid affordable coverage groups included in MCAR Section 1301 are located in MCAR Section 1303. Accordingly, the provisions of this Section are applicable only to individuals and families who were enrolled and receiving Medicaid coverage prior to January 1, 2014, as specified.

0362.10 Income Definitions

REV: 06/1994

Income is anything received in cash or in-kind that can be used to meet the needs for food, clothing or shelter. In-kind income is not cash, but is actually food, clothing, or shelter, or something the individual can use to get one of these. Earned and unearned income is considered when determining an individual's and couple's financial eligibility.

0362.10.05 Earned Income

REV: 06/1994

Earned income may be in cash or in-kind and consists of the following types of payments:

- Wages;
- Net earnings from self-employment;
- Payments or refunds of earned income tax credits;
- Payments for services performed in a sheltered workshop or work activity.

Earned income is counted as earned income when received (or would have been received except that the applicant/recipient decided to postpone receipt) rather than when earned. This recognizes that the time between earning and receiving income sometimes is long.

In a program based on the current need, the relevant time is when income is received.

0362.10.10 Unearned Income

REV: 06/1994

Unearned income is defined as all income that is not earned income whether cash or in-kind. Some types of unearned income are:

- Deemed income;
- Income from legally liable relatives;
- Workers' Compensation;
- Annuities, pensions, and other periodic payments;
- Alimony and support payments;
- Dividends, interests and royalties;
- Rents;
- Benefits received as the result of another's death to the extent that the total amount exceeds the expenses of the deceased person's last illness and burial paid by the recipient;
- Prizes and awards;
- In-kind support and maintenance (ISM);
- Life insurance proceeds; and
- Gifts and inheritances.

0362.10.15 Forms of Income

REV: 06/1994

Income, whether earned or unearned, may be received in either of two forms, cash and in-kind. Cash includes currency, checks, money orders, or electronic funds transfers (EFT), such as:

- Social Security checks;
- Unemployment compensation checks; and
- Payroll checks or currency.

In-kind includes noncash items such as:

- Real property;
- Food;
- Clothing; and
- Noncash wages (e.g., room and board as compensation for employment).

0362.10.20 Definition of “Individuals Living in their own Households”

REV: 06/1994

The following is a list of individuals living in their own households:

- An individual (or living-with spouse or any person whose income is deemed to the individual) who has an ownership interest or a life estate interest in the home;
- An individual (or living-with spouse or any person whose income is deemed to the individual) who is liable to the landlord/landlady for payment of any part of the rental charges;
- An individual who is in a non-institutional care situation;
- An individual who lives in an all-public assistance household; or
- An individual who pays at least a pro rata share of household operating expenses, AND
 - Is living with someone other than a spouse and/or child(ren) and/or someone whose income is deemable to such individual, AND
 - Is eating meals which s/he did not purchase separately.

0362.10.20.05 Proof of Pro Rata Share

REV: 06/1994

If the applicant claims that s/he is contributing to the household, his/her pro rata share is established by averaging the monthly household operating expenses over the past 12 months and dividing by the number of persons in the household, regardless of age. If exact figures are unavailable, a reasonable estimate is used, considering current expenses and seasons of the year.

The household expenses to be considered, provided someone outside the household does NOT pay for them, are:

- | | |
|---------------------|-----------------------------------------|
| Real Property Taxes | Water |
| Sewer | Heating Fuel |
| Garbage Removal | Gas |
| Food | Electricity |
| Rental Payments | Mortgage (including property insurance) |

0362.10.20.10 Documentation of Sharing

REV: 06/1994

The applicant must submit evidence of sharing. This includes bills and receipts which establish the household expenses, and canceled checks or money order receipts which establish the applicant's contributions. When such evidence is not available, statements from the applicant and the person who owns or rents the household are accepted. Copies of all supporting documents are retained in the case record.

The applicant must be advised to retain future bills/receipts in the event a redetermination is required because changes occur, or because s/he wants to rebut one or more of the amounts used in determining the household expenses.

When a change does occur, it is only necessary to determine what is affected by the change. For example, if the only change is in household composition, only the food expense will increase or decrease. If the individual's contribution has decreased, a determination must be made that the lower contribution still constitutes a pro rata share.

0362.15 Counting Income

REV: 06/1994

Generally, income is counted at the EARLIEST of the following points:

- When it is received; or
- When it is credited to an individual's account; or
- When it is set aside for his/her use.

Income is determined monthly and counted in the month it is received.

Occasionally, a regular periodic payment (e.g., wages, title II, or VA benefits) is received in a month other than the month of normal receipt. As long as there is no intent to interrupt the regular payment schedule, the funds are considered to be income in the normal month of receipt.
